Price Five Cents

GAS RATE JUMPS SKYWARD IN CITY

Company Announces Increase To
\$3.25 Per 1,000 Feet After
August 1st—The Council

Asserting that the cost of coal, labor and maintenance brings the expense of manufacturing gas to more than it is receiving for it, the Richmond Water and Light Company informed the Richmond City Council at the regular meeting Thursday night that the price to consumers on and after August 1st, would be \$3.25 per 1,000 feet, less 25 cents, if paid on or before the 15th of the month.

Inasmuch as the rate charged for gas is not governed by the city, the councilmen received the report, and it will be spread on minutes.

Through Attorney A. R. Burman, the company also represented that while the cost of labor, coal and maintenance generally had increased to a great extent, the board of supervisors increased the valuation of the property from \$18,000 to \$90,000, although the property, especially the machinery, etc., had really deteriorated, and furthermore, it was said the company had been advised of the contemplated increase and had made formal objection to the action and had been assured there would not be any increase made. A motion by Councilman Terrill, seconded by Mr. Golden, which asked that the matter be referred to the company and council for later consideration, carried.

Owing to the absence of Councilman H. M. Whittington, thru the death of a relative, a resolution of respect and condolence was passed.

Councilman Terrill, chairman of the Street Committee, reported that the committee having been given power to act in the matter of ordering tar for the streets, to construct extension of paved city thoroughfares, he had ordered 8,000 gallons of tar, to be delivered at the convenience of the city.

The city fire bell, although the bell is not wanted, said to be an antiquity, and then other cities, no greater than Richmond, have a fire bell. It was suggested that the bell now, as he said and a siren, purchased and placed in front and near the top of the city building.

"It'll wake the whole town up," spoke up Councilman Terrill, but Councilman O'Neil said "that might do no harm," and the matter after receiving considerable discussion, was held over until the next meeting for action.

J. J. Greenleaf, representing the Cumberland Telephone and Telegraph Company, reported that the officers of the company would have figures presently to show for the expense of operation, etc., and same would be shown the council, after the first of the month, according to agreement made last January when the company was given the privilege of continuing the war period rate. The committee, comprising Councilmen Allan, Terrill and O'Neil, will investigate the matter when ready for presentation and report back to the council.

Mr. Allen Zaring reported that the license tax on his mill business, which was classified as a wholesale grocery, resultant from sales of flour and kindred products, which had been fixed at \$25 last year, had been increased three-fold, or to \$75, this year, and while he operated practically two places of business, one set of men really was all that was employed, and he asked as to the why and wherefore. After a little discussion, it was decided that the business being operated by the one head and by one set of men, should be classed as one business, and the license would represent both industries, instead of two, making the tax the same. This was effected through a motion by Councilman Golden, seconded by Councilman Mershon.

A petition was presented asking for privilege of placing billboards at the foot of the cliff on Second street along the property and adjacent to the Model High School, South Second street. This was given little attention, being carried over on motion by Councilman O'Neil, seconded by Councilman Golden.

Milliners of the city came in for an inning, some stating they were being unjustly taxed, since

GILBERT'S FRIENDS GREATLY PLEASED

Lancaster Record Says Shelby
Man Is Certain To Carry
Garrard In Primary

Friends here of Judge Ralph Gilbert, of Shelby county, candidate for the democratic nomination for congress, were greatly pleased to read in this week's Lancaster Record that he stands a fine chance to carry Garrard county now. The Lancaster Record is owned and edited by J. E. Robinson, one of the most influential democrats of that county, and who usually knows what he is talking about. The piece that pleased Judge Gilbert's friends here said:

"Judge Ralph Gilbert has been in Garrard county for several days conferring with his friends and getting acquainted with the democrats of this county in the interest of his race for the democratic nomination for Congress. This county was claimed by the friends of Col. Rippe by a safe majority, but upon a canvass of the democratic voters, Judge Gilbert's friends claim that the counting of noses on August 7, the day of the primary, Judge Gilbert will be far in the lead here. The strength developed here by Judge Gilbert will prove a great surprise to his opponents in this race and assures him the nomination."

The way that democrats who have heretofore been non-committal have come out strong for Gilbert shows the drift in the district and discourages the other candidates so much that his friends claim that long before the date of the primary Judge Gilbert's election will be conceded. He has succeeded in perfecting a good organization here who will carry on a vigorous fight in his interest until the polls are closed on August 7th. Judge Gilbert's friends claim that since Governor Cox has stated his position on the liquor question and made it plain that the candidate for president does not consider it an issue, the presidential contest, but one to be settled in the congressional election, but this district being dry he is the logical man to be nominated, and is the strongest of the three candidates put against King Swope, the present congressman from this district.

Judge Gilbert was recently placed as a nomination of Cox and Roosevelt at San Francisco and thinks the Democrats have the strongest ticket ever nominated by the party and they will win in November and that Kentucky will be sure to be in the democratic column."

TWO BROTHERS ARE SHOT DEAD

Springfield, Tenn., July 16.—A double tragedy was enacted five miles from here, when Thomas Duer, 50, it is alleged, shot and killed Ray Herndon, 23, and Earl Herndon, 21, brothers, and well known young men.

According to reports the trouble had its origin in gossip concerning a young woman to whom Duer had been attentive.

Immediately after the shooting Duer was arrested by Sheriff Jett, and is now confined in the jail here.

**60,000 ACRES BURNED
BY FIERY FOREST FIRES**
Flagstaff, Ariz., July 16.—Hundreds of men are fighting the forest fires raging throughout this section. Approximately 60,000 acres have been burned over. Three of the fires are declared under control. The fourth, in the vicinity of Dry Lake, already has burned over three sections.

The steel supply is said to be greatly in excess of the present demand.

Their retail trade, they claimed, would not justify their paying an annual license tax of \$1, representing the new figures raised from \$5 last year. Since the change will have to be made by ordinance, if made at all, the question will be given further attention later.

It developed that there could be no change possible in rates regarding license taxes, except by ordinance. There are several who still believe they are being burdened, and will tell their grievances at the next meeting. An ordinance will probably be drawn to adjust any proven inequalities.

The Phoenix Amusement Company, which at the last meeting asked a decrease in its license tax, sought information as to whether or not the company would be taxed extra for bringing roadshows to the local playhouses. It will be informed there will be no extra charge.

IS NOT CANDIDATE FOR ANY OFFICE

Brutus Chenault, Colored, Denies
Rumor Heard On Streets By
Reporter Here This Week

Brutus Chenault, colored, who was mentioned yesterday as a possible candidate for the republican nomination for jailer, says that the report is entirely unfounded and that he has no thought of making the race. The Daily Register heard the rumor concerning him from both white republicans and democrats and printed it as a rumor for what it was worth, but with no desire to misrepresent Brutus, however. It is glad to give space to a nicely typewritten statement which he makes about the subject:

July 15, 1920.
Editor of the Daily Register,
Richmond, Ky.

My Dear Sir: In your issue of Thursday, July 15, I notice you have headed an article "Colored Republican May Run for Jailor," in which you have named the undersigned as a prospective candidate for jailor of Madison county at the election next year.

It is stated in that article that my friends have been circulating reports that it was time I should be recognized on account of the meritorious service I had rendered to the republican party, and that some prominent white republicans are authority for the announcement that I might make the race for the office.

In reply to these statements I desire to say that no thought of running as republican candidate for jailor of Madison county ever entered my mind. No colored friend of mine has ever mentioned such a thing to me, I have never heard a white republican mention such a matter as my running for jailor, or any other office on the republican ticket, and I want to say now that I am not a candidate; that I will not be a candidate, and that in my judgment the report in question was conceived for the purpose of prejudicing the voters of Madison county against the republican party.

You also state in the article mentioned that this is the first time in all probability a colored man ever offered for public office in Madison county. In this connection it might not be amiss to inform you that many years ago a colored democrat by the name of Henry Red, who always registered and claimed to have voted democratic, announced himself as a candidate for jailor of Madison county, subject to the action of the democratic party.

Having given the article referring to me as candidate prominence on the first page of your paper, I hope you will publish this letter, and give it the same prominence that you gave to the article in question.

Yours truly,
BRUTUS CHENAULT.

WILL RECEIVE ROAD BIDS MONDAY

At the regular meeting of the Fiscal court next Monday morning, bids will be received, it is claimed, for work on the new highway at Red House, since it is known that a number of bidders are on the job. However, the figures will not be presented until the court meeting. The bridge contract has been let and work on this new structure will be started as soon as the material, which has been ordered, is received. This will mark the first bridge across Otter Creek at this place, the largest stream, it is said, in the state without a bridge. The residents of Red House are arranging for a celebration when the work is completed and the new school house is finished.

RACE ON BETWEEN TWO WORKING SQUADS

A race is on between the Richmond Water and Light company and the workmen on West Main street, as the result of the installation of new gas service pipes being laid beneath Main street. The pavers are coming swift and sure, says Superintendent Glover, and the gas pipes are being put down hurriedly, but in good condition.

The work has been retarded by much water in some places, and this is what created the apprehension. The force of workmen laying the gas pipes has been increased and the work will be continued in advance of the paving squad, which will not be interrupted whatever, it is claimed.

RUSSELL GRINSTEAD'S FUNERAL FRIDAY A. M.

The remains of Russell Grinstead, of Waco, who was killed in Cleveland early in the week, arrived at Waco Thursday night. Funeral services, attended by a large concourse of friends and loved, were held Friday morning.

MEMPHIS FIREMENS' UNION QUITS WORK

(By Associated Press)
Memphis, Tenn., July 16.—The city commission is making plans today to reorganize the Memphis fire department without a union agreement as a result of the resignation of members of the fire fighters' union, composing virtually the entire personnel of the department. Meantime, 600 volunteers, including business and professional men, are standing watch at the fire stations in 8-hour shifts. Two companies of state militia are held here to assist the police in event of an emergency.

DAUGHTER KILLED BY FATHER'S CAR

(By Associated Press)
Middlesboro, Ky., July 16.—Running down an incline track in an attempt to save her three-year old sister, who was sitting in the middle of the rails, Bertha Lynch, aged 16, was overtaken and killed at Mingo mines, 6 miles from here, yesterday afternoon by a coal car driven by her father, Mose Lynch. The baby was not injured. Miss Lynch's body was cut in two. Her remains were shipped to Knoxville.

RAILWAY CLERKS ON VERGE OF STRIKE

Chicago, July 16.—Grand President E. H. Fitzgerald, of the Brotherhood of Railway Clerks, conferred here today with the executives of 16 recognized railroad unions. At a mass meeting Monday night plans were perfected for the immediate calling of a strike if the awards of the U. S. Labor Board, now in session here, were unsatisfactory, it is said. A member of the board said the award probably would be made Tuesday morning.

ARGONNE WOUND HURTS

Allen Whittaker, one of Madison's heroes of the Argonne, where he was badly cut up by shrapnel, had to have his left leg opened at the Pattie A. Clay Infirmary Friday morning, on account of the old wound. The injury has been giving him much trouble, so Drs. Hume and Jeffries opened the wound and scraped the bone, part of which is dead and had to be removed. Whittaker is resting fairly well after his ordeal, his many friends will be glad to know.

Two Cynthia Girls Missing
Cynthiana, Ky., July 16.—Search is being made for Miss Pauline Whitley, daughter of Charles Whitley, and Ruth Beemis, who have left their homes here. The girls are about 16 years old and were seen in an automobile yesterday with two strange men. When they did not return home last night their parents became alarmed.

Sharp Quake Is Felt
Los Angeles, July 16.—A sharp earthquake shock was felt here at 10:10 o'clock this morning.

HUNS WANT MORE INFO
Spa, Belgium, July 16.—The German delegates at a conference here agreed in principle with the terms submitted by the Allies as to Germany's deliveries of coal, but will ask for explanation of certain articles in the Allied note, it was announced this afternoon.

Because he was jilted by Mary Leitchfield, 13, Rockcastle, who ran away from her home and went to a Paducah hotel to wed him, then repented and called the police, Cleveland Hawkins, 25, drank carbolic acid and is in a precarious condition at Paducah.

RICHMOND SAVED \$22,000 ON STREETS

As Shown By Price Danville Has
To Pay On Contract—Bank's
Financing Helps

Richmond saved about \$22,000 by letting her streets paving contract when she did. The Danville City Council awarded contracts for the new paved streets in the handsome little capital of Boyle Wednesday night, and the contractors call for 55c per yard more than Richmond pays. Prices of labor and materials of every sort have advanced to such an extent that the higher figure was found in all bids offered. Another advantage that Richmond has, however, and which makes it easier for a contractor to bid lower on work, is that the State Bank and Trust Company, of Richmond, is financing the work here, whereas the contractor who gets the Danville job has to handle that phase of the situation the best he can.

Under the Richmond plan, those property owners who do not or cannot pay cash for their third of the cost of paving the streets in front of their property, may make out bonds to the State Bank and Trust Company, payable in ten years, for the cost of the work. These bonds constitute a lien against the property according to a decision of the Court of Appeals, and they can only be paid off at the maturity of each bond year, and not before, just as a city's bond is redeemed. The State Bank and Trust Company is now preparing the bonds for the various property owners of Richmond who are affected by the street paving, and who may not care to pay the cost of their street work at the time it is finished.

It was a matter of much pleasure to their friends here that the local contractors, Lampton and Burke, secured the contract for paving the streets of Danville. This firm is doing a fine job in Richmond so far, and have the equipment and men that are needed. Col. C. F. Creel, City Engineer of Richmond, has had supervision of the specifications for Danville preparatory to letting the contracts.

Defective Flue Cause of Small Fire Friday

Friday at noon the fire department was called to the home of Ellen Spillman, E. street, where fire from a defective flue threatened the entire roof of the building. Fireman Mose Nelson, who responded with the fire truck to the call, soon had the fire under control and extinguished under the aid of a small chemical. The loss was nominal. This is the third fire during the past ten days that has occurred just at the noon hour, and the firemen are preparing to make a specialty of noon-day calls.

Before the fire department arrives, see L. P. Evans, the insurance man of Richmond, and you will have no loss.

Another Party Is Now Given Consideration

(By Associated Press)
Chicago, July 16.—The formation of another new party was considered this morning by the disgruntled members of the Committee of 48, who dissented from the decision at their convention which adjourned last night without naming a national ticket.

LATE NEWS FLASHES

The Russian Bolsheviks are offering a large reward for the man who is said to be posing as Czar Nicholas II. A life jacket, bearing a strand of blonde hair, a relic of the ill-fated Lusia of five years ago, was picked up in the Delaware river.

The seizure of the city of Pekin, reports say, unless the former premier is punished. The threats came from bandits, it is said.

Former president of Bolivia has been ousted and deported, according to reports from there today, which say also that the American officers accompanied him.

Today's Live Stock Market
Cincinnati, July 16.—Good cattle strong; hogs steady; lambs 50c higher; Jersey 50c lower.

Louisville, Ky., July 16.—Cattle 500; hogs 1500; both unchanged; sheep 10,500; 25c lower; \$6.50 down; lambs 1550.

CLOSING DAY OF INSTITUTE ARRIVES

Rural Students Graduated Friday
Afternoon—Important Features of Final Meeting

The appearance of Miss Burrall, whose lectures along geographical lines have been greatly appreciated, resulted in her delivering a short lecture at both the forenoon and afternoon meetings of the teachers' institute.

She will remain until Saturday, when her course of lectures especially arranged for the Eastern Normal, will be concluded.

Prof. Ward will continue his work through the coming week, delivering a series of lectures of unusual importance. He will treat upon various subjects of vital interest to schools and educational work.

The institute of teachers, which has held the boards during the week at Eastern Normal, will come to a close Friday afternoon, when a varied program was in evidence, the conclusion of which was followed by the departure for their homes of scores of teachers who have been spending the week here.

Friday morning there was a continuation of the regular program, the afternoon being devoted to the graduation of more than 40 eighth grade students from the county schools, who, having successfully passed the 1919-1920 examination of that grade, will be transferred to the high schools for further study. This feature promises to be one of the most interesting of the week, especially to the younger students, many of whom arrived early during the day. This will add considerably to the enrollment of the high schools later on.

Prof. J. Howard Payne, superintendent of the city schools, is booked to deliver the address to the students, some of which are the youngest in years being passed.

Thursday proved instructive at the institute, the magic and chart matters being brought in again for consideration, and the sessions having proved to be very instructive and generally beneficial in this line. Prof. Ward's course of study has developed into a most absorbing and fascinating one, the true worth of it being illustrated more forcibly each day as developments were made.

Prof. K. B. Zerfass, as representative of the Y. M. C. A., gave a discussion of play, physical education and several demonstrations.

Prof. Ward's best lecture, in which he drew a parallel between the animal and plant kingdoms and showed that progress is and has been continuous from the struggle of the amoeba to the present discussion of the league of nations.

A False Standard of Culture
has gained ground in this country which looks upon the bearing and rearing of children as something coarse and vulgar and to be avoided, but the advent of Eugenics means much for the motherhood of the race. Happy is the wife who, though weak and ailing, depends upon Lydia E. Pinkham's Vegetable Compound to restore her to health, and when headaches and backaches are a thing of the past brave sons and fair daughters rise up and call her blessed.

Officers Sent To Quell Strikers in Mingo, W. Va.

Williamson, W. Va., July 16.—Mingo county officers were today notified by Gov. Cornwell that lawlessness in the Mingo county coal fields must cease, and with this end in view a detachment of 50 mounted state police have been ordered into the district where mine strikes have been in progress for several weeks.

Mt. Zion
Bible School at 10, John W. Goodloe, superintendent; preaching service by the pastor at 11 o'clock.

W. D. SAYS IT PAYS
While the rains of the week have kept the farmers close to their fields, and trade has been reported light by the greater majority of the merchants, there is one big advertiser in the Daily Register who claims that his page advertisement has brought him the "grapes," and that his store has been crowded with farmers and their wives who realize that W. D. Oldham's big clearance sale is the bargain event of the year.

THE WEATHER

Probably local thundershowers tonight and Saturday, except fair in east portion tonight.

LOCAL MEN HONORED BY COAL DEALERS

Willoughby Made Treasurer and
J. W. Stephens, of Berea, On
Board, of New Body

Prewitt Willoughby, of the firm of Willoughby Brothers, coal dealers of this city, was honored by election as treasurer of the Kentucky Retail Coal Dealers' Association, which was organized at Lexington Thursday. Richmond was represented in the organization by four of her coal dealers, Messrs. Willoughby, W. W. Broadbush, F. H. Gordon, and E. W. Powell. About 80 members were enrolled at the organization meeting. The next meeting will be held in Louisville August 10, when it is expected that the membership will be doubled.

Other officers elected were: President, Scott Gore, of Danville; Secretary, J. C. Taylor, of Louisville. J. W. Stephens, of Berea, who was also present, was honored by being elected a member of the board of directors.

The purpose of the association is mutual co-operation and to deal with problems affecting production, transportation and marketing. Practically all of the dealers at the meeting stated that they are experiencing great difficulty in securing coal to meet the demands of the trade, and that the existing car shortage which is limiting the output of the mines is making the situation most acute.

SAMUELS ON RAID

Revenue Officers H. Rowan Sautley, of Stanford, and H. M. Samuels, of Richmond, and J. M. Kavanagh, of Lancaster, have just destroyed a moonshine still on Lind Creek, 15 miles south of Richmond, together with 150 gallons of still beer. The still was of 50-gallon capacity and had a complete outfit for making whiskey attached. The same officers, reinforced by Deputy Neil Guilfoyle, of Mt. Sterling, entered W. J. county and destroyed a 65-gallon still, with six 100-gallon fermenters and 400 gallons of still beer.

MURDER CHARGE FACED BY DUELIST

John Embury is rapidly recovering at a Lexington hospital from the injuries sustained by being shot on the morning of July 4, when he fought a duel with Luther Young near their home on Miller's Creek, Estill county, and will be transferred to the county jail as soon as his condition will permit, being charged with murder, as the result of the death of Young.

The men are said to have been friends previous to the duel, although both admitted having been drinking before the trouble began. After the shooting the men were found to be seriously injured and were taken to the hospital. An operation failed to be effective, Young refusing until the last hour to have it done. Embury is being guarded.

Heart Attack Fatal

Winchester, Ky., July 16.—Mrs. Alice Sutherland, 65, of Buckner, sister of Mrs. Carrie Buckner and Will H. Garner, was found dead in bed Thursday at 8 o'clock. Death was due to heart failure.

Porter Head of Bar Association

Henderson, Ky., July 16.—W. L. Porter, of Glasgow, was elected president of the Kentucky Bar Association, succeeding Lewis Apperson, of Mt. Sterling, at the annual meeting here.

I Owe My Life to PE-RU-NA

Mr. McKinley's letter brings cheer to all who may be suffering as he was. Read it:

"I can honestly say that I owe my life to Peruna. After years of the best doctors in the country gave me up and told me I could not live another month, Peruna saved me. I was in a bad way, and having to go into all kinds of badly heated rooms and buildings, sometimes standing up for hours at a time while waiting my trade as a auctioneer. I was only natural that I had colds frequently, and when they would occur I paid the doctor to let me until last December when I contracted a severe cold, which, through neglect, got into my chest and settled on my lungs. When almost too late, I began to cough, but without effect. I had heard of Peruna, and so I bought a bottle and took it. I cannot praise it too highly."

It Cured Me

UNABLE TO RAISE HAND TO HIS HEAD

Troubles Now Gone and He Feels Better Than He Has In Many Years—Can Eat Anything

"It certainly seems remarkable that after trying almost every conceivable medicine a few bottles of Tanlac should give me that long-sought-for relief; but it has, and I am glad to recommend it," said George O. Shirley, 315 Segur avenue, Toledo, O., who has been employed by Birkmayer-Roderich-Showell Company, hardware dealers, for sixteen years.

"Until I began taking Tanlac last winter I had suffered from rheumatism in my arms, shoulders and the back of my neck every winter for ten years. Seldom a day passed during the winter months all these years that I did not suffer intense pain, and my condition would get so bad I could not stoop over without suffering agony and at times was unable to do a lick of work. Often my arms would get so stiff and the muscles so painful that I could not raise my hands to my head. My appetite was extremely poor, I seldom ate any breakfast and my digestion was so bad everything I ate disagreed with me. I was also troubled a lot with catarrh, got up every morning with my head all clogged up and feeling terrible. In fact I was in a miserable condition, and about as badly run down as any one ever gets to be and keep going."

"Last winter a friend who had taken Tanlac for rheumatism with fine results, advised me to try it. Well, sir, I took his advice, and in a short while was entirely free of all the agony and pain I had suffered for so many years, as there was not the slightest sign of rheumatism left in my shoulders, arms or neck. I now have a splendid appetite, eat anything I want and am never troubled with indigestion, and the catarrh has hardly been noticeable since I started taking Tanlac. At the beginning of cold weather this winter, I had a slight touch of rheumatism again, but I started taking Tanlac, and after taking only a few doses it left me and I haven't had a sign of it since. I expect to take a little Tanlac every winter, for I find it not only keeps off rheumatism but I eat, sleep and feel better in every way. Tanlac is simply due a good word from me after what it has done for me, and I never miss an opportunity of telling others about it."

Tanlac is sold in Richmond by Stockton and Son; in College Hill by Ginter Brothers; in Berea by Welch Department Stores.

THEN AND NOW

Do you remember the days before we had telephones and automobiles the days before the movie came into existence, days when electric light was only used in large public buildings and in homes of the very rich? They are not so far back in the dark ages, at that. Scarcely a generation, in fact.

When the modernizing changes did take place, the cities were first to benefit. First the telephone, which put offices and factories, business places in general and finally private homes into easy communication with each other. Then electric lights, spreading with the telephone from stores and public buildings to private residences. Next the automobile, beginning with the old "one-lungers" that clugged along the streets and stalled frequently and at the most inconvenient places. And last of all the movie, which has grown to its present proportions from the "nickel theater" beginning. While all of these things came first to city people, it is gratifying to note that they are now nearly as common in the country as in town.

Electric light and the movie were late in coming to the country, but their day has finally arrived. The farm electric plant has been developed to the point where it gives complete electric service—light everywhere and plenty of power to pump for milking, separating, washing, sweeping and all other kinds of farm work. Electricity is the force which has placed the country even with the city's enjoyment of every modern convenience.

CALLED HOME BY ILLNESS

R. W. Harmon, bookkeeper at the Eastern Normal, departed for his home near Bowling Green Friday afternoon as the result of the serious condition of his mother, who has been an invalid for some time. His absence will be indefinite, guided by developments regarding his mother's condition.

It is rumored that the Prince of Wales may wed Miss Margaret Siddons of Washington, formerly of Lexington.

INVENTIVE GENIUS ROBS CALOMEL OF NAUSEA AND DANGER

Doctors' Favorite Medicine Now Purified and Refined from All Objectionable Effects: "Calotabs"—the New Name.

What will human ingenuity do next? Smokeless powder, wireless telegraphy, horseless carriages, colorless iodine, tasteless quinine—now comes Calotabs, the new improvement called "Calotabs" is now on sale at drugstores.

For biliousness, constipation and indigestion the new Calotabs is a practically perfect remedy, as evidenced by the fact that the manufacturers have authorized all druggists to refund the price if the customer is not "perfectly delighted" with Calotabs. One tablet at bedtime with a swallow of water—that's all. No taste, no nausea, no griping, no salts. By morning your liver is thoroughly cleansed and you are feeling fine, with a hearty appetite. Eat what you please—no danger—about your business.

Calotabs are not sold in bulk. Get an original package, sealed. Price, thirty-five cents.—(A.P.)

SPECIAL EXAM. COMING NEXT MONTH

In order to relieve the shortage of teachers in city and county schools in Madison county and elsewhere, there will be a special examination held on August 718 for elementary and state certificates, which, it is believed, will result in a sufficient number of instructors being procured to fill the ranks.

The information regarding the special examination was forwarded to County Superintendent B. F. Edwards of the county schools, Friday by State Superintendent Geo. Colvin. The examination was called at the request of Mr. Edwards, who informed the state officials of the condition of affairs. It is hoped, according to Mr. Edwards, that a number of the retired teachers take up the work in this time of need, and assist during the coming term, or until they can be relieved of duty later on. The special examination is the first of the kind to be held in Madison county, it is said.

HORSE BADLY CUT BY FALL

Specialist's Prescription Prevents Complication

In telling of the accident to his horse, Mr. Luther Carman, of Valley Park, Mo., stated: "My horse fell down and cut his knees all up. I dressed them with Dr. LeGear's Antiseptic Healing Powder and they are healing fine. It is a wonderful remedy for healing sores on horses."

Mr. Carman is simply voicing the sentiments of hundreds of others who feel that having Dr. LeGear's personal prescription on hand at all times is nearly as good as having Dr. LeGear where they could reach him in a few minutes.

Wounds and sores must be taken care of immediately. Get a can of Dr. LeGear's Antiseptic Healing Powder from your dealer. Dust on enough of it to cover the wound or sore. It forms a protection against insects and infection and promotes healthy healing.—Dr. L. D. LeGear Med. Co., St. Louis, Mo. jul 16-30

Gillette

Buy one Gillette Tire—two—three or a set.

You will get maximum mileage at minimum cost from every one of them.

—buy a thousand Gillette Tires—or a thousand sets. You will get the same thing. Most in mileage for your money.

You don't have to trust to luck. It's never a case of a good tire or two—then a bad one. Every Gillette is the best a tire can be made. There is but one standard of quality—the finest. There is but one length of service—the longest.

That's what brought world fame to Gillette Tires before they had been on the market twelve months.

Customers were soon numbered by hundreds of thousands. They obtained better service and more of it than ever before. They come back. Rebought. Obtained the same kind of service. The result was—the second year sale of Gillette Tires was greater than the second year sale of any other tire ever produced.

The most phenomenal sales record ever made—due absolutely to the greatest mileage for the greatest number of users.

That is the strongest guarantee ever "written" for tire quality. It assures as nothing else can—that in every Gillette Tire you ever buy you will secure satisfactory mileage. There's "even" excellence—uniformity of quality—and mileage that can be had only through the exclusive Gillette Chilled Rubber Process—an advanced method of manufacture that toughens rubber as iron is toughened when changed to steel. There's unparalleled road resistance—absolute dependability—little or no tread or fabric separation. No deterioration due to weather conditions—nothing but wear quality. Always your money's worth in mileage. Try them out. Put a couple on your car now. See how much longer they wear—better they serve. And how much you save in cost per mile. All sizes. Cord—fabric and non-skid. Gillette Rubber Co., Eau Claire, Wis.

TIRES

Lieut. Carl Wanderer, Chicago wife was a mere incident in his life, and murderer, confessed to having taken wanted to know how soon he could a 17-yea-ol girl out riding, said she die.

Pass the Summer in Finest Health

Take a teaspoonful of Dr. Caldwell's Syrup Pepsin when tired, dull or constipated. Quick results!

We cannot all spend the Summer in cool mountain resorts, and those who stay at home and swelter through the hot days will find it necessary to be extra cautious about their health. Hot foods are easier to digest than cold, and even hot soup, though it overheats for the moment, is grateful to the system.

Above all, keep the bowels open; that in itself cools the blood and calms the nerves. But when the bowels are sluggish and show signs of constipation, take a teaspoonful of Dr. Caldwell's Syrup Pepsin and you will get quick relief.

Syrup Pepsin is a combination of simple laxative herbs with pepsin which druggists have sold for a quarter of a century. It is the largest selling liquid laxative in the world.

complaints. Mrs. R. B. Masters of 1424 Second Ave., Birmingham, Ala., has used it in her family for twelve summers, and she never misses an opportunity of telling her friends how healthy Syrup Pepsin has kept them. It has many uses these summer days.

FREE Millions of people of all ages suffer from occasional or chronic constipation. Let them send name and address to Dr. W. B. Caldwell, 512 Washington St., Monticello, Ill., for a free sample bottle of his wonderful Syrup Pepsin. 8 million bottles were bought at drug stores last year, the largest sale in the world.

WHAT HAIL DOES

Many a man has lost his entire summer's work in a very few seconds from Hail

TRANSFER OF POPULAR TEACHER

Miss Audrey Wilson, who has been an instructor in the Silome schools, Madison county, for the past two years, and who was to have been the principal there this year, has resigned, and will take a position as teacher in a school near her home in Lexington. The transfer was made at the instigation of Miss Wilson and by

County Superintendent Edwards with reluctance. It was the desire of Miss Wilson to be nearer home, and she stated she would not give up the local school until a successor could be secured. This Mr. Edwards feels assured of procuring, hence the change. Miss Wilson has been a student at Eastern Normal, and is known as one of the most popular instructors of the schools of Madison county. Her loyalty in case no successor was chosen, caused the officials to give her case special consideration.

Coffee Drinkers Sometimes

feel a twinge of dissatisfaction. It may be a restless night or it may be a restless liver.

When disturbed sleep or digestion awaken suspicion of coffee as the cause, the safe, wise thing to do is to switch to

Don't Write—Telephone

Letters cost from six to thirty cents and they can never be as personal, as direct and as quick as long distance telephone messages. Many of your letters could be handled better and cheaper by using the STATION

TO STATION toll service at reduced rates. Why not try it?

CUMBERLAND TELEPHONE AND TELEGRAPH COMPANY INCORPORATED

Rosy Cheeks & Satin Skin

Because of her rosy cheeks and satin skin a woman attracts the admiration of all men. When the

young woman peers in her glass, she may see pimples and blotches and she immediately goes

to the drug store for paint, powders and beauty creams, when she should go there for a blood medicine and stomach alterative known as "Golden Medical Discovery."

This vegetable tonic and blood alterative clears the skin, beautifies it, increases the blood supply and the circulation, while pimples, boils and eruptions vanish quickly.

Ask your nearest druggist for Dr. Pierce's Golden Medical Discovery in tablet or liquid form or send 10c. for trial package of tablets to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y.

STATE TO ACCEPT 6 COUNTY ROADS

There will be but little more work and expense upon the part of Madison county before the six roads to be taken over by the state will be ready for the transfer and this is looked for within a reasonably short time by County Road Engineer Baxter.

There will be some work required on the Shearer road, and this will be completed within a short time after the workmen get to it. There is a small concrete bridge called for before the state will accept the road. The county has the material, both concrete and steel, with which to build the bridge, and this will be moved to the scene. This work, together with a few "touchies" here and there on a few of the other highways, will place the half dozen roads in condition and, it is believed, will be taken over.

Nothing has been heard from the man named Mitchell who so seriously wounded by shooting John Chenault, who is in the hospital as the result. Both are colored.

PUBLIC SALE OF LOTS FOR CITY TAXES

I will on Saturday, August 7th, 1920, at 2 o'clock p. m., in front of the City Hall door, corner of First and Irvine streets in the city of Richmond, Ky., sell for cash for unpaid tax bills, penalty and interest and costs, for the year 1919, the following parties' property, real estate, or enough thereof to pay the amounts specified below if not paid before said date.

JESSE DYKES, City Collector.

WHEAT CROP ABOUT HALF OF LAST YEAR

Monthly Report Shows Greatly Reduced Acreage But Gains Over June Condition

A tobacco crop of approximately 437,580,000 pounds, and a reduced wheat crop of about 6,275,000 bushels, are the features of the joint government and state crop report for Kentucky issued today at Frankfort and Louisville by Commissioner of Agriculture W. C. Hanna, and H. F. Bryant, Kentucky representative of the U. S. Bureau of Crop Estimates. This month's preliminary estimate of the acreage of corn indicates a crop of about 86,170,000 bushels, the acreage being about the same as in 1919, while oats are estimated at 11,260,000 bushels, rye 672,000 bushels, barley 112,000 bushels, Irish potatoes 5,971,000 bushels, and sweet potatoes 1,555,000 bushels.

This is an increase of 450,000 bushels over the June estimate of the Kentucky wheat crop, due to good filling of heads in many sections, even though the acreage is greatly reduced from 1919 and there is much thin short wheat. The 1919 Kentucky wheat crop was 12,029,000 bushels, and the 1920 tobacco crop in Kentucky was 456,500,000 pounds. All these 1920 estimates are subject to change downward or upward as the season progresses, depending on favorable or unfavorable weather and other conditions hereafter.

These tobacco and corn estimates are the first of the season, and as planting of both crops was continued very late this year and such estimates may be subject to great change either up or down before the end of the season. The tobacco acreage was increased considerably this year in Central Kentucky burley district but was reduced greatly in the dark tobacco districts of Western Kentucky. As tobacco can be set in July and still make a good crop with a favorable season setting was continued very late in some places but the acreage shows a decrease of about 10 per cent over the state as a whole. Most of the burley belt, especially the rich blue grass counties, has a large increase of acreage.

Some hay is rank but very very foul, especially with white-top, the average condition of all hay being 88 per cent, while pastures generally are good. Fruit is irregular, but generally a good crop, blackberries being unusually abundant. Apples are about 65 per cent of a full crop, peaches 75 per cent and pears 60 per cent. Melons generally are in fair condition.

VISITING NEIGHBORS

Kentucky visitors in the city today included R. O. Webber, Winchester; William Woolcott, Winchester; L. R. Roads, Benham; S. B. Woolley, Crab Orchard; K. P. Kerfoss, Lexington; S. A. McKinley, Lexington; J. B. Olin, London; S. R. Baker, Berea; H. M. Harris, Lancaster; H. M. Waters, Knox; R. F. McConkey, Irvine; F. H. Baker, Louisville; Mrs. F. E. Langley, Louisville; J. W. Coleman, Mt. Sterling; Miss Ella Ashley, London; Miss Louise Harding, Winchester.

Loss of Appetite

As a general rule there is nothing serious about a loss of appetite, and if you skip a meal or eat only two meals a day for a few days you will soon have a relish for your meals when meal time comes. Bear in mind that at least five hours should always elapse between meals so as to give the food ample time to digest and the stomach a period of rest before the second meal is taken. Then if you eat more than you crave and take a reasonable amount of outdoor exercise every day you will not need to worry about your appetite. When the loss of appetite is caused by constipation, as often is the case, that should be corrected at once. A dose of Chamberlain's Tablets will do it.

THERE are two kinds of coffee—Rookwood and others. Rookwood is the best. A grade for every purse; all fine. Get yours today from D. B. McKinney and Company. 167 tf

WANTED—To buy a small pony, safe for boys to ride or drive. H. P. Pieratt, phone 478-X. 169 4p

At Nuevo Laredo, Mexico, opposite Laredo, Texas, a night vigil is maintained by the federal garrison, resulting from a demand to surrender to anti-government forces.

Summer Complaint in Children

There is not anything like so many deaths from this disease now as before Chamberlain's Colic and Diarrhoea Remedy came into such general use. When this remedy is given with castor oil as directed and proper care is taken as to diet, it is safe to say that fully ninety-nine out of every hundred cases recover. Mr. W. G. Campbell, of Butler, Tenn., says, "I have used Chamberlain's Colic and Diarrhoea Remedy for summer complaint in children. It is far ahead of anything I have ever used for this purpose."

Mr. and Mrs. E. C. Stockton will leave Thursday for a visit to Mrs. Edwin Page in Washington City. They will spend a few days at Atlantic City before returning home.

WHY Use YOUR TEAMS FOR HAULING

when they are needed on the farm? We can do your hauling at rates that will surprise you when compared with cost of team hauling. We also store cars in our large, clean Garage at reasonable rates. Special attention given wheat and corn hauling. Let us figure with you when in town give us a trial.

\$100 FOX HOUND RING

Harrodsburg, Ky., July 16.—Some novel features at the Mercer county fair to be held here the last week of this month are attracting wide attention. L. P. Vandell, of New York, has given \$100 to be used in the fox hound ring and plantation saddle horse ring. General Roger Williams, of Lexington, has given a \$100 silver cup to the best hound and Col. Sam Woolridge, of Versailles, has offered a handsome premium in the same exhibit. Former Speaker Champ Clark has been invited to act as judge

in the "Hound Dawg" ring.

Summer Complaint Quickly Relieved

"About two years ago when suffering from a severe attack of summer complaint, I took Chamberlain's Colic and Diarrhoea Remedy and it relieved me almost instantly," writes Mrs. Henry Jewett, Clark Mills, N. Y. This is an excellent remedy for colic and diarrhoea and should be kept at hand by every family.

The Great Annual Store-wide Clearance Sale

Begins at W. D. Oldham & Company's
Saturday, July 10 - Closes Saturday, July 24

13 Bargain Days That Will be Long Remembered

by all who take advantage of the many attractive bargains offered during the Big Clearance Sale. This is not a sale of odds and ends, although many Remnants will be sold, but it is a bona fide reduction sale on every article in the big store. Nothing will be reserved during the 13 Bargain Days. Each and every article, every yard of goods, every Shoe, every piece of Clothing, every thing in Ladies' Ready-to-wear Garments, all Rugs, Linoleums, Matting, Trunks, Valises, Hats for men and boys, all go at Cut Prices during the Big 13 Days Clearance Sale.

Our excuse for putting on this Sale is not that merchandise is being reduced in price by the manufacturers, for we all know that merchandise for Fall will be much higher in price than at the present time. But our reason for this big cut price Clearance Sale is that we have already made extensive purchases in all lines of merchandise for fall and as our motto is "Never Carry Merchandise from One Season to Another" we are giving this sale to clean up all the merchandise possible before our fall goods begin to arrive.

It will be to your advantage to come as early as you can for this Sale, for in some cases the quantity is limited. In others there is an average supply, and the values are so great you can't afford to miss them.
